**\$200**

\* PRICING IS FOR A LIMITED TIME ONLY

**Local Law 196 of 2017** requires workers on any permit site with a site-safety plan to complete 40 hours of approved safety training by September 1st, 2020. Supervisors and Competent Persons must have 62 hours of training completed as of December 2019.

To obtain the new Site Safety Training (SST) card, workers need the 30 Hour OSHA plus 10 additional hours of site safety training. As an accredited and

approved training provider, we are proud to offer a full range of SST courses for workers and supervisors, plus ongoing classes for supported and suspended scaffold, flagging, safety management, and more.

Don't wait until the last minute! Contact us today for more information and to schedule training. We're happy to answer your questions and help ensure that you, your project, and your budget stay protected.
